

Defender Range

Portable welding frames & bespoke booths and curtains

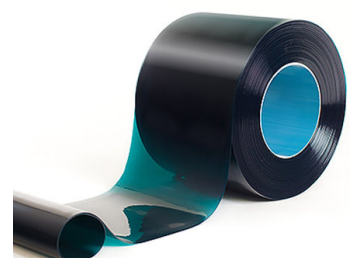

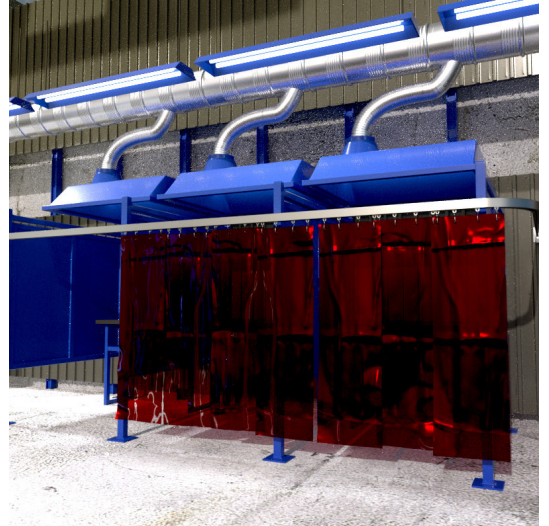

The necessary solution for employee protection.

Popular in training schools and colleges, We offer a variety of screening options for welding booths that provide a safe and protective environment from sparks, flash and ignition.

The PVC Strips come with different combinations of widths and thicknesses, as well as different fixing methods. Depending on the choice of operating system the curtain can also be slid open and shut for when moving machinery.

Whatever the design you can be assured that our products will be designed to cope with the rigours of the workshop environment.

- Welding red, green and bronze offered a standard
- Strip options include 300 x 2, 470mm x 0.4mm, 570mm x 1mm. All can be supplied cut to length or in 50m bulk rolls.
- Vertical supports can be fixed from ceiling or floor.
- Sliding options available
- Available as supply only or supply & fit

Certificate Number: 14352
ISO 9001

Care should be taken in selecting the most suitable quality for each application. Advice is available, but final responsibility remains with the customer.
